To Whom It May Concern:

When you book Kat Simmons, you get more than just good show; you get a total entertainment experience from start to finish. She is a highly focused and motivated individual, who understand how to bring every day experiences to life on stage funny and inspiring her audience all at the same time. She has a great level of professionalism well above the norm. I guarantee it!

Kat Simmons is the real deal! We booked Kat as our comedienne speaker for 2017 Lubbock Go Red for Women luncheon and she had the entire room laughing hysterically. She is great to work with and has an amazing personality. I would highly recommend her for your next event! Your audience will NOT be disappointed.

Thank you.
